Rapid Refill And Beyond Fit Strengthen Communities *Glenn And Donna Gustafsson Committed To Giving Back*

[ABERDEEN, MD] –

As local business owners of Rapid Refill and Beyond Fit, Glenn and Donna Gustafsson made holiday dreams come true this season for a number of people who receive support from The Arc Northern Chesapeake Region.

Because of their generosity, a whole new world has literally been opened for a young woman with disabilities through the donation of a brand new state-of-the-art laptop computer that can be navigated through voice activation. Their son, Eric, has agreed to provide technical assistance so that the new computer and software can be fully utilized. In addition, members of their fitness club pooled their resources and adopted a number of individuals and their families through a holiday giving tree campaign held at The Arc.

The Arc offers a wide variety of services to individuals with developmental disabilities in Harford, Cecil, and Kent counties, both children and adults, to make informed choices with their lifestyles, vocations, education and recreational pursuits, and to assure stable and nurturing lives among their families and friends.
