

Arc Angels-Day 3

Our third Arc Angel includes two individuals in The Arc NCR's Supported Living program. Tony and Tammy met through our organization, fell in love and married.

Tony and Tammy met when they were both in a time of transition in their lives. What started as an immediate friendship, quickly turned to love. They couldn't wait to see each other every day, and refused to let anything get in the way of spending time together. They supported each other through tough times and always encouraged each other. Tony surprised Tammy with a wedding dress he found at a second-hand store, and the two began to tell everyone how they had discovered they were meant to share their lives together.

On February 14, 2016, Tony and Tammy asked loved ones and friends to join them as they promised to love each other forever. Since formalizing their commitment, Tony and Tammy have been searching for their first home together.

The goal for the couple was to move into a home where they both could live together and enjoy being husband and wife. Tony needed a home that provided a hooyer to help him maneuver around with his disability, which can be challenging to find. Finally, this year a home became available through The Arc NCR. They recently moved in and are enjoying their happily ever after!

Our community made this wonderful couple's dreams a reality by supporting our mission. Only a portion of The Arc NCR's funding comes from the state and government. This makes your generous support critically important to the success of our programs. Do you want to help more individuals like Tony and Tammy reach their dreams and goals? If so, please go to our website to donate at <https://arcncr.org/donate/online/>.
