

Arc Angels- Day 2

Our second Arc Angel is Tiffany, an individual supported by The Arc NCR. Tiffany is a working mother, dedicated employee, and has a heart of gold! She has been part of The Arc NCR's Supportive Employment Program for several years. Tiffany currently holds two jobs and has worked tirelessly to be able to be gainfully employed.

Tiffany attended Future Link where she was provided a number of learning opportunities. She has completed an internship at the MVA in Bel Air, as well as a position at the gift shop at Citizens Care & Rehabilitation Center. Both work experiences provided her tremendous customer service experience, as well as the ability to develop meaningful relationships in the community. From the relationships she built at Citizens Care & Rehabilitation Center, Tiffany applied and was offered her current position in the kitchen.

Tiffany is now employed as a Dietary Aide in the kitchen at Citizens Care & Rehabilitation Center. She walks to her job at Citizens and often visits there on her days off to sit and visit with the residents. She is also employed as a front desk receptionist at The Arc NCR. Tiffany greets each guest with a cheerful tone and a warm smile, as well as provides excellent customer service to each person entering the building. She is an extremely hard worker and always completes her job duties.

Tiffany loves what she does and thrives on helping to support other people. Despite the challenges of childcare, transportation, and physical stamina, Tiffany approaches every day with a smile and a great attitude.

Our Employment Services program needs your support to continue training and developing employment opportunities for more people like Tiffany. Only a portion of The Arc NCR's funding comes from the state and government. This makes your generous support critically important to the success of our programs. Help us partner with more community employers by donating to The Arc NCR at <https://arcncr.org/donate/online/>.
